WS-10-92-330-512

Sequence 312, Application US/10923330

Publication No. US20050153916A1

GENERAL INFORMATION:

APPLICANT: Sirra Therapeutics, Inc.

APPLICANT: McSavigen, James

APPLICANTON: Edgelman, Leonid

TITLE OF INVENTION: Expression Using Short Interfering RNA (sinA)

CURRENT PILING DATE: 2004-08-20

FRIOR PILING DATE: 2004-08-20

PRIOR PELICATION NUMBER: PCT/US03/0408

                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          Sequence 516, Application US/10923330

Publication No. US20050153916A1

GENERAL INFORMATION:

APPLICANT: Sirna Therapeutics, Inc.

APPLICANT: McSwiggen, James

APPLICANT: Beigelman, Leonid

TITLE OF INVENTION: RNA Interference Mediated Inhibition of Telomerase Gene

TITLE OF INVENTION: Expression Using Short Interfering RNA (siNA)

FILE REFERENCE: 400/209 (MBHB02-708-C)

CURRENT PELING DATE: 2004-08-20

FRIOR PAPLICATION NUMBER: US 60/396,600

FRIOR PELING DATE: 2004-05-24

FRIOR PELICATION NUMBER: US 60/396,600

FRIOR APPLICATION NUMBER: US 60/396,600

FRIOR PELING DATE: 2004-04-16

FRIOR PELICATION NUMBER: US 10/826,966

FRIOR PELICATION NUMBER: US 10/757,803

FRIOR PELICATION NUMBER: US 10/757,803

1 Sequence 11, Application US/10923330

1 Sequence 11, Application US/10923330

2 Publication No. US20050153916A1

3 PELICANT: Sirna Therapeutics, Inc.

APPLICANT: McSwiggen, James

APPLICANT: Beigelman, Leonid

1 TILE OF INVENTION: RNA Interference Mediated Inhibition of Telomerase Gene

1 TILE OF INVENTION: Expression Using Short Interfering RNA (siNA)

1 TILE OF INVENTION: APPLICANT: A00/209 (MBHB02-708-C)

Publication No. US20050153916A1
GENERAL INFORMATION:
APPLICANT: Sirna Therapeutics, Inc.
APPLICANT: Baigelman, Leonid
TITLE OF INVENTION: RNA Interference Mediated Inhibition of Telomerase Gene
TITLE OF INVENTION: RNA Interference Mediated Inhibition of Telomerase Gene
TITLE OF INVENTION: Rxpression Using Short Interfering RNA (sINA)
FILE REFERENCE: 400/209 (MBHB02-708-C)
                                                                                Gарв
                                                                                   .

Publication No. US20050153916A1

GENERAL INFORMATION:
APPLICANT: Sirna Therapeutics, Inc.
APPLICANT: McSwiggen, James

TITLE OF INVENTION: RAY Interference Mediated Inhibition of Telomerase Gene

TITLE OF INVENTION: Expression Using Short Interfering RNA (SiNA)

TITLE OF INVENTION: Expression Using Short Interfering RNA (SiNA)

FILE REFERENCE: 400/209 (MBHB02-708-C)

Publication No. US20050153916A1
GENERAL INFORMATION:
APPLICANT: Sirna Therapeutics, Inc.
APPLICANT: Beigelman, Leonid
APPLICANT: Beigelman, Leonid
TITLE OF INVENTION: RNA Interference Mediated Inhibition of Telomerase Gene
TITLE OF INVENTION: Expression Using Short Interfering RNA (siNA)
CURRENT APPLICATION NUMBER: US/10/923,330
CURRENT FILING DATE: 2004-08-20

US-10-923-330-59/c

i Sequence 59, Application US/10923330

publication No. US20050153916A1

GENERAL INFORMATION:

APPLICANT: Sirna Therapeutica, Inc.

APPLICANT: Beigalman, Leonid

TITLE OF INVENTION: RNA Interference Mediated Inhibition of Telomerase Gene

TITLE OF INVENTION: Expression Using Short Interfering RNA (siNA)

FILE REFERENCE: 400/209 (MBHB02-708-C)

CURRENT FILING DATE: 2004-08-20

PRIOR PLICATION NUMBER: DC7/US03/04088

PRIOR FILING DATE: 2004-08-20

PRIOR PLICATION NUMBER: US 60/396,600
